Hi! Hello! First of all I would like to say Tashi Delek to all of my s. I hope you all are fine in Japan. I am also fine in this school. Our final exam was finished in 21st March. Our result was in 28th March and I stood 7th position out of 23 students in class 5. On 15 April, we got new books and copies. Now I have to work hard in order to bring good result. I will try my best.

I am feeling much better than before. So, don't worry about me. I will study very hard.

Your loving son
